Virtu Financial Launches Sixth Annual Women's Winternship Program

January 9, 2024

NEW YORK, Jan. 09, 2024 (GLOBE NEWSWIRE) -- Virtu Financial, Inc. (Nasdaq:VIRT), a leading provider of global, multi-asset financial services that delivers liquidity and innovative, transparent products across the complete investment cycle to the global markets, today announced the launch of its sixth annual Women's Winternship, a global, one-week internship program aimed at introducing college students to a career path in financial services.

Virtu's 2024 Winternship program features a hands-on curriculum on a wide array of topics, including trading, market structure, data analytics and visualization, and regression modeling.

"We're proud of the continued success and growth of our Winternship program as we've seen it strengthen and diversify our pipeline of exceptional female candidates," said Raya White, Co-Chief People Officer at Virtu Financial.

Students will work with experts across Virtu with the goal of introducing them to a broad, cross-section of the firm's trading universe. Students complete team-based trading exercises, reinforcing the collaborative Virtu culture that is fundamental to the firm's success, and a capstone project melds the learnings of the week and is presented and evaluated by senior management.

"Women are an integral part of the modern-day workforce yet they are still largely underrepresented in the financial services industry," commented Mary Mooney, Co-Chief People Officer, Virtu Financial. "Our Winternship program provides women with an impactful introduction to today's trading challenges and allows them to consider various career paths within Virtu and across capital markets."
