Proposal 1: Election of Directors

At the Annual Meeting, stockholders will vote to elect the three nominees named in this proxy statement as Class I directors. Each of the Class I directors elected at the Annual Meeting will hold office until the 2025 annual meeting of stockholders and until his or her successor has been duly elected and qualified. Our board of directors has nominated William F. Cruger, Jr., Christopher C. Quick, and Vincent Viola to serve as Class I directors for terms expiring at the 2025 annual meeting of stockholders and until each of their successors has been duly elected and qualified. The persons named as proxies will vote to elect Messrs. Cruger, Quick, and Vincent Viola unless a stockholder indicates that his or her shares should be withheld with respect to one or more of such nominees.

In the event that any nominee for Class I director becomes unavailable or declines to serve as a director at the time of the Annual Meeting, the persons named as proxies will vote the proxies in their discretion for any nominee who is designated by the current board of directors to fill the vacancy. All the nominees are currently serving as directors, and we do not expect that the nominees will be unavailable or will decline to serve.

Vote Required

For the election of directors, each director must be elected by a plurality of the votes cast. This means that the three nominees receiving the largest number of “FOR” votes will be elected as directors.

Our board of directors recommends that you vote FOR each of the nominees for our board of directors in this proposal 1.

Set forth below is a brief biography of each of our directors.

Corporate Governance

Board Composition

Our board of directors consists of 11 directors. In accordance with our amended and restated certificate of incorporation and bylaws, the number of directors on our board of directors will be determined from time to time by the board of directors but shall neither be fewer than three persons nor more than 20 persons.

Each director is to hold office until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Vacancies and newly created directorships on the board of directors may be filled at any time by the remaining directors. In addition, at any point prior to the occurrence of the time at which TJMT Holdings LLC (the “**Founder Member**”), an affiliate of Mr. Vincent Viola, our founder and Chairman Emeritus, or any of its affiliates or permitted transferees, no longer beneficially own shares representing 25% of our issued and outstanding common stock (the “**Triggering Event**”), vacancies on the board of directors may also be filled by the affirmative vote of a majority of our outstanding shares of common stock.

Until the Triggering Event occurs, any director may be removed with or without cause by the affirmative vote of a majority of our outstanding shares of common stock. Thereafter, directors may be removed only for cause by the affirmative vote of at least 75% of our outstanding shares of common stock. At any meeting of the board of directors, except as otherwise required by law, a majority of the total number of directors then in office will constitute a quorum for all purposes.

Our amended and restated certificate of incorporation provides that the board of directors is divided into three classes of directors, with staggered three-year terms, with the classes to be as nearly equal in number as possible. As a result, approximately one third of the board of directors will be elected each year.

Controlled Company Status

The Founder Member currently controls more than 50% of our combined voting power, and as a result, we are considered a “controlled company” for the purposes of NASDAQ rules and corporate governance standards. As a “controlled company,” we are permitted and may from time to time elect (and have elected) not to comply with certain NASDAQ corporate governance requirements, including those that would otherwise require our board of directors to have a majority of independent directors and require that we either establish Compensation and Nominating and Corporate Governance Committees each composed entirely of independent directors, or otherwise ensure that the compensation of our executive officers and nominees for directors is determined or recommended to the board of directors by the independent members of the board of directors.

Director Independence

Our board of directors has determined that Mmes. Gambale and Minieri, and Messrs. Cruger, Grano, Greifeld, Nixon, Quick and Urban are each “independent directors”, as such term is defined by the applicable rules and regulations of NASDAQ.

Family Relationships of Directors and Executive Officers

Other than Michael T. Viola, who is the son of Vincent Viola, our founder and Chairman Emeritus, none of the current directors or officers, or nominees for director, is related to any other officer or director of the Company or to any nominee for director.

CORPORATE GOVERNANCE

Board of Directors Leadership Structure

We currently separate the roles of chairman of the board of directors and chief executive officer. Mr. Greifeld serves as Chairman of our board of directors. This structure enables the board of directors to effectively exercise its role in oversight of Virtu while allowing our Chief Executive Officer to focus on the management of the day-to-day conduct of our business. The board of directors may review and change its leadership structure in the future.

Board of Directors Role in Risk Oversight

It is the duty of our board of directors to serve as a prudent fiduciary for stockholders and to oversee the management of our Company.

Our Audit Committee, under powers delegated to it by our board of directors, is responsible for discussing with management the major financial, legal, compliance and other significant risks of the Company. Our Audit Committee works directly with members of senior management and our internal audit team to review and assess (i) the adequacy of the Company's internal controls, including significant deficiencies in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data, and management's response, and (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting. In addition, the Audit Committee meets as appropriate (i) as a committee to discuss our risk management policies and exposures, and (ii) with our independent auditors to review our internal control environment and potential significant risk exposures.

Our Risk Committee, under powers delegated to it by our board of directors, is responsible for overseeing areas of risk that are not the primary responsibility of another committee of our board of directors or retained for oversight of the full board of directors, including (i) cybersecurity, information security and information technology risk, (ii) trading, capital and liquidity risk, and (iii) enterprise risk.

Our Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation programs and employee benefit plans. In fulfilling its duties, the Compensation Committee reviews at least annually our executive compensation programs, meets regularly with management to understand the financial, human resources and stockholder implications of compensation decisions and reports as appropriate to our board of directors.

The Nominating and Corporate Governance Committee is responsible for overseeing the management of risks relating to our corporate governance structure and director selection process.

Our board of directors as a whole also engages in the oversight of risk in various ways. It sets goals and standards for our employees, officers and directors. During the course of each year, our board of directors reviews the structure and operation of various of our departments and functions. In these reviews, our board of directors discusses with management material risks affecting those departments and functions and management's approach to mitigating those risks. Our board of directors also reviews and approves management's operating plans and any risks that could affect the results of those operating plans. In its review and approval of Annual Reports on Form 10-K (including any amendments thereto), our board of directors reviews our business and related risks, including as described in the "Business," "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of the reports. The Audit Committee reviews these risks quarterly in connection with the preparation of Quarterly Reports on Form 10-Q.

When our board of directors reviews particular transactions and initiatives that require its approval, or that otherwise merit its involvement, it generally includes related analysis and risk mitigation plans among the matters addressed with senior management. The day-to-day identification and management of risk is the responsibility of our management. As the market environment, industry practices, regulatory requirements and our business evolve, we expect that senior management, and our board of directors will respond with appropriate risk mitigation strategies and oversight.

Board and Committee Meetings; Annual Meeting Attendance

During the year ended December 31, 2021:

- the board of directors held four meetings and acted by written consent seven times;
- the Audit Committee held seven meetings and did not act by written consent;
- the Risk Committee held four meetings and did not act by written consent;
- the Nominating and Corporate Governance Committee held four meetings and did not act by written consent; and
- the Compensation Committee held two meetings and acted by written consent two times.

In the year ended December 31, 2021, no member of our board of directors attended fewer than 75% of the aggregate of: (i) the total number of meetings of the board of directors (held during the period for which he or she has been a director), and (ii) the number of meetings held by all committees of the board of directors (during the periods that he or she served on such committees).

According to our Corporate Governance Guidelines, our directors are expected to attend the annual meeting of stockholders, meetings of the board of directors and meetings of committees on which they serve and to spend the time needed, and meet as frequently as necessary, to properly discharge their responsibilities. Six of our directors attended our 2021 annual meeting of stockholders. Directors are expected to review meeting materials prior to board of director and committee meetings and, when possible, should communicate in advance of meetings any questions or concerns that they wish to discuss so that management will be prepared to address the same. Each director's attendance at, and preparation for, board of director meetings and meetings of committees on which they serve shall be considered by the Nominating and Corporate Governance Committee when recommending director nominees.

Board Committees

Our board of directors has four standing committees: the Audit Committee, the Risk Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Under the rules of NASDAQ, the membership of the Audit Committee is required to consist entirely of independent directors. As a controlled company (see "Controlled Company Status" on page 13 of this proxy statement), we are not required to have fully independent Compensation and Nominating and Corporate Governance Committees, although our Compensation Committee is fully independent. The following is a brief description of our committees.

We have a separately designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). Our Audit Committee assists the board of directors in monitoring the audit of our financial statements, our independent auditors' qualifications and independence, the performance of our audit function and independent auditors, and our compliance with legal and regulatory requirements. Our Audit Committee has direct responsibility for the appointment, compensation, retention (including termination) and oversight of our independent auditors, and our independent auditors report directly to the Audit Committee. Our Audit Committee also reviews and approves related party transactions as required by the rules of NASDAQ. Our board of directors has adopted a written charter for the Audit Committee, which is available on our corporate website at ir.virtu.com/corporate-governance/default.aspx.

Ms. Minieri, and Messrs. Cruger, Grano and Nixon are the members of our Audit Committee. The board of directors has determined that Mr. Cruger qualifies as an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K under the Securities Act of 1933, as amended (the "**Securities Act**"), and that Mr. Cruger thereby meets the applicable financial sophistication requirement of the Nasdaq listed company rules. The board of directors has also determined that each of Ms. Minieri, and Messrs. Cruger, Grano and Nixon is "independent" for purposes of Rule 10A-3 of the Exchange Act and under the listing standards of NASDAQ. The designation of "audit committee financial expert" does not impose on Mr. Cruger any duties, obligations or liabilities that are greater than are generally imposed on members of our Audit Committee and our board of directors.

There were four regular meetings and three special meetings of the Audit Committee held during 2021.

Our Risk Committee was established in 2017 and assists our board of directors in its oversight of the Company's risk management activities, with particular focus on (i) cybersecurity, information security and information technology risk, (ii) trading, capital and liquidity risk, and (iii) enterprise risk. Our Risk Committee also oversees and receives reports from the Company's Chief Risk Officer on the Company's risk assessment and risk management activities and may conduct or oversee stress testing or scenario testing. **Number of Meetings

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our directors and employees and is responsible for approving the compensation of our Chief Executive Officer and other executive officers. Our Chief Executive Officer annually reviews the performance of each of the other executive officers relative to individual and corporate annual performance goals established for the year. The Chief Executive Officer then presents his compensation recommendations based on these reviews to the Compensation Committee. Once the Compensation Committee has reviewed and evaluated executive performance, recommendations are made to the board of directors for approval. The board of directors subsequently approved 2021 director and executive compensation arrangements based on the Compensation Committee's recommendations, the recommendations of the Compensation Committee's compensation consultant (described below) and the collective judgment of the directors. Our board of directors has adopted a written charter for the Compensation Committee, which is available on our corporate website at ir.virtu.com/corporategovernance/default.aspx.

Pursuant to the written charter of the Compensation Committee, the Compensation Committee may form and delegate authority to subcommittees when appropriate, provided that the subcommittees are composed entirely of directors who satisfy the applicable independence requirements of the Company's corporate governance guidelines and the rules and regulations of NASDAQ, including any applicable "controlled company" exemption. Additionally, pursuant to its written charter, the Compensation Committee has the sole authority to retain and terminate a compensation consultant and to approve the consultant's fees and all other terms of the engagement.

Our Compensation Committee also administers the issuance of awards under the Virtu Financial, Inc. Amended and Restated 2015 Management Incentive Plan (as amended from time to time, the "**2015 Plan**").

Messrs. Greifeld, Grano, Quick and Urban are the members of our Compensation Committee. Because we are a "controlled company" under the rules of NASDAQ (see "Controlled Company Status" on page 13 of this proxy statement), our Compensation Committee is not required to be fully independent, although if such rules change in the future or we no longer meet the definition of a controlled company under the current rules, we will adjust the composition of the Compensation Committee to the extent necessary in order to comply with such rules.

There were two regular meetings of the Compensation Committee held during 2021.

Number of Meetings Held in 2021: 4

The Nominating and Corporate Governance Committee's responsibilities include:

Our Nominating and Corporate Governance Committee selects or recommends that the board of directors select candidates for election to our board of directors, develops and recommends to the board of directors corporate governance guidelines that are applicable to us and oversees board of director and management evaluations. In addition, our Nominating and Corporate Governance Committee recommends to our board of directors for approval director nominees, consistent with our director qualifications criteria and any obligations under certain contractual arrangements. Our board of directors has adopted a written charter for the Nominating and Corporate Governance Committee, which is available on our corporate website at ir.virtu.com/corporate-governance/default.aspx.

Ms. Minieri, and Messrs. Greifeld, Nixon, Quick and Michael Viola are the members of our Nominating and Corporate Governance Committee. Because we are a "controlled company" under the rules of NASDAQ (see "Controlled Company Status" on page 13 of this proxy statement), our Nominating and Corporate Governance Committee is not required to be fully independent, although if such rules change in the future or we no longer meet the definition of a controlled company under the current rules, we will adjust the composition of the Nominating and Corporate Governance Committee accordingly in order to comply with such rules. Mr. Michael Viola is not independent.

There were four regular meetings of the Nominating and Corporate Governance Committee held during 2021.

Policy Regarding Director Nominations

Our Nominating and Corporate Governance Committee utilizes a broad approach for identification of director nominees and may seek recommendations from our directors, officers or stockholders and/or engage a search firm. In evaluating and determining whether to ultimately recommend a person as a candidate for election as a director, the Nominating and Corporate Governance Committee evaluates all factors that it deems appropriate, including the number of current directors, as well as the qualifications set forth in our Corporate Governance Guidelines, including the highest personal and professional ethics, integrity, high performance standards and history of achievements, and ability to provide wise and thoughtful counsel on a broad range of issues. It also considers specific characteristics and expertise that it believes will enhance the diversity of knowledge, expertise, background and personal characteristics of our board of directors. Specifically, the Nominating and Corporate Governance Committee charter provides that, in performing its responsibilities for identifying, recruiting and recommending candidates to the board of directors, the Nominating and Corporate Governance Committee shall actively seek to include in each candidate search qualified candidates who reflect diverse backgrounds, including diversity of gender, race and ethnicity.

The Nominating and Corporate Governance Committee may engage a third party to conduct or assist with this evaluation. Ultimately, the Nominating and Corporate Governance Committee seeks to recommend to the board of directors those nominees whose specific qualities, experience and expertise will augment the current board of directors' composition and whose past experience evidences that they will: (1) dedicate sufficient time, energy and attention to ensure the diligent performance of board duties; (2) comply with the duties and responsibilities set forth in our Corporate Governance Guidelines and in our bylaws; (3) comply with all duties of care, loyalty and confidentiality applicable to them as directors of publicly traded corporations organized in Delaware; and (4) adhere to our code of conduct and ethics.

In its discretion, the Nominating and Corporate Governance Committee will also consider recommendations of qualified nominees by stockholders by evaluating the same factors as described above.

CORPORATE GOVERNANCE

In addition to the board process described above, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must meet certain deadlines established by our bylaws and provide certain information required by our bylaws. For a description of the process for nominating directors in accordance with our bylaws, see “Additional Information” on page [65](#) of this proxy statement.

Communication with the Board of Directors

Any stockholder or other interested parties who would like to communicate with our board of directors, the independent directors as a group or any specific member or members of our board of directors should send such communications to the attention of our Secretary at Virtu Financial, Inc., 1633 Broadway, New York, New York 10019. Communications should contain instructions on which member or members of the board of directors the communication is intended for, if applicable. In general, such communication will be forwarded to the intended recipients. However, the Secretary may, in his discretion, decline to forward any communications that are abusive, threatening or otherwise inappropriate.

Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2021, no member of the Compensation Committee was one of our officers or employees. None of our executive officers serves on the Compensation Committee or board of directors of any other company of which any of the members of our Compensation Committee or any of our directors is an executive officer.

Code of Conduct and Ethics

We have adopted a code of conduct and ethics applicable to our employees, officers and directors. A copy of that code is available on our corporate website at ir.virtu.com/corporate-governance/default.aspx. We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website.

Proposal 2: Advisory Vote to Approve Compensation of Named Executive Officers

In accordance with the requirements of Section 14A of the Exchange Act and Exchange Act Rule 14a 21(a), we are including in this proxy statement a separate resolution to approve, in a non-binding, stockholder advisory vote, the compensation paid to our named executive officers as disclosed in “Executive Compensation” below (the “**say-on-pay vote**”).

While the results of the say-on-pay vote are non-binding and advisory in nature, our board of directors and Compensation Committee intend to consider the results of this vote in making future compensation decisions.

Our board of directors currently intends to conduct advisory votes on executive compensation every year. As a result, our next advisory say-on-pay vote will take place at our annual meeting of stockholders in 2023.

The language of the resolution is as follows:

“RESOLVED, that the compensation paid to the Company’s named executive officers for the fiscal year ended December 31, 2021, as discussed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the summary compensation table and the related compensation tables and narrative in this proxy statement, is hereby APPROVED, on an advisory basis.”

In considering their vote, stockholders are encouraged to read the compensation discussion and analysis, the accompanying compensation tables, and the related narrative disclosure included in this proxy statement.

Vote Required

The affirmative vote of the holders of a majority of the voting power of the shares represented at the Annual Meeting in person or by proxy is required to approve, on an advisory basis, the compensation of our named executive officers.

Our board of directors recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis discusses our executive compensation programs for our named executive officers in respect of our fiscal year ended December 31, 2021, which we refer to herein as “fiscal year 2021,” and includes a discussion of our compensation objectives and philosophy and the material elements of compensation earned by, awarded, or paid, to our named executive officers in fiscal year 2021. This section also describes processes we use in reaching compensation decisions and is intended to amplify and provide context for understanding the amounts in the tabular disclosure that follows. In addition, we highlight certain attributes of our program, provide a summary of certain key compensation decisions during fiscal year 2021 and describe our intended compensation approach.

Our named executive officers for fiscal year 2021 were as follows:

Douglas A. Cifu	Chief Executive Officer
Joseph Molluso	Co-President and Co-Chief Operating Officer
Brett Fairclough	Co-President and Co-Chief Operating Officer
Stephen Cavoli	Executive Vice President, Markets
Sean P. Galvin	Executive Vice President and Chief Financial Officer

Compensation Program Objectives

Our primary objective with respect to executive compensation is to provide competitive compensation and benefits to attract, retain, motivate and reward the highest quality executive officers. Accordingly, we attempt to ensure that compensation provided to executive officers remains competitive relative to the compensation paid to similarly situated executives in our industry. A further objective of our compensation program is to provide variable pay opportunities through cash bonuses and restricted stock awards that reward our officers based on achievement of both individual and Company financial results. In addition, we aim to establish compensation plans that align the performance of our executive officers with the Company’s objectives and the creation of long-term stockholder value, such as the reward of equity compensation which ties a portion of our executive compensation to the performance of our common stock. We believe an appropriate mix of an executive officer’s pay should be variable and performance based in order to promote achievement of our short- and long-term strategic objectives.

The overall level of total compensation for our named executive officers is intended to be reasonable in relation to, and competitive with, the compensation paid to executives in the industries in which we compete for talent, subject to variation for factors such as the individual’s experience, performance, duties and scope of responsibilities, prior contributions and future potential contributions to our business. Our compensation plans are designed to align with business strategies, considering external market conditions and internal equity issues. With these principles in mind,

we structure our compensation program as competitive total pay packages that we believe enable us to attract, retain and motivate executives with the skill and knowledge that we require, and to ensure the stability of our management team, which is vital to the success of our business.

Key features of our compensation policies and practices that aim to drive performance and align our named executive officers with stockholder interests are highlighted below:

- *Pay for performance.* A portion of the compensation program for named executive officers is designed to encourage our executives to remain focused on both our short- and long-term operational success and to reward outstanding individual performance.
- *Align incentives with stockholders.* Our executive compensation program is designed to focus our named executive officers on our key strategic, financial and operational goals that will translate into long term value creation for our stockholders.
- *Limited perquisites.* We provide limited, reasonable perquisites that we believe are consistent with our overall compensation philosophy.
- *No IRC Section 280G or 409A tax gross ups.* We do not provide tax gross ups under our change in control provisions or deferred compensation programs.

The Process of Setting Executive Compensation

The Compensation Committee participates in an annual evaluation of the performance of our Chief Executive Officer and subsequently determines and approves the Chief Executive Officer's compensation level based on this evaluation. In determining the long-term incentive component of Chief Executive Officer compensation, the Compensation Committee will also consider, among such other factors, the Company's performance, stockholder returns, the value of similar incentive awards to chief executive officers at comparable companies and the awards given to the Chief Executive Officer in past years. Our Chief Executive Officer reviews each named executive officer's compensation package, other than his own, annually in light of the performance of each named executive officer. The conclusions reached and recommendations made based on these reviews, including those with respect to salary adjustments and annual award amounts, are then presented to the Compensation Committee and/or our board of directors for review and approval.

Specifically, the Compensation Committee determines and approves the compensation packages of the Chief Executive Officer and approves the compensation packages of each other named executive officer, giving significant deference to the views and recommendations of the Chief Executive Officer. The Chief Executive Officer is not present during voting or deliberations relating to his own compensation.

Committee's Compensation Consultant

The Compensation Committee has previously engaged an independent compensation consultant, F.W. Cook (the "**Committee's consultant**"), to assist it in carrying out its responsibilities. The Committee's consultant has previously provided the Compensation Committee with guidance to consider when making the compensation decisions for the Chief Executive Officer and when considering the recommendations made with respect to the other named executive officers. The Compensation Committee has the sole authority to retain or terminate consultants to assist it in the evaluation of director, chief executive officer and other executive compensation. The Compensation Committee has the sole authority to determine the terms of engagement and the extent of funding necessary for payment of compensation to any consultant retained to advise the Compensation Committee. The Committee's consultant did not provide any services to the Compensation Committee or management in fiscal year 2021.

EXECUTIVE COMPENSATION

Elements of Compensation for 2021 and Why We Chose to Pay Each Element

The primary elements of our executive compensation program are base salary, annual cash bonuses, equity-based compensation and certain employee benefits and perquisites. Brief descriptions of each principal element of our executive compensation program are summarized in the following table and described in more detail below.

Compensation Element	Brief Description	Objectives
Base Salary	Fixed compensation.	Provide a competitive, fixed level of cash compensation to attract and retain talented and skilled executives.
Annual Cash Bonus	Variable, performance-based cash compensation earned based on financial and individual performance.	Retain and motivate executives to achieve or exceed financial goals and Company objectives.
Annual Equity Awards	Equity and equity-based compensation that is subject to vesting based on (i) continued employment, and (ii) for certain named executive officers, achievement of pre-established financial and operational goals.	The mix of equity and equity-based awards with time-based vesting assists in retention of key talent while also rewarding executives for exceptional performance.
Employee Benefits and Perquisites	Participation in all broad-based employee health and welfare programs and retirement plans.	Aid in retention of key executives in a highly competitive market for talent by providing an overall competitive benefits package.

Consistent with and in promotion of the compensation program objectives detailed above, a significant percentage of total compensation is allocated to performance incentives in order to motivate the named executive officers to achieve the business goals set by the Company and reward the officers for achieving such goals. There is no pre-established policy or target for allocating compensation between short- or long-term compensation, between cash and non-cash compensation, among different forms of non-cash compensation, or among named executive officers. Rather, we look at a named executive officer's goals and responsibilities to determine the appropriate level and mix of incentive compensation.

Base Salary. We provide named executive officers with a base salary to compensate them for services rendered during the fiscal year. This process also enables us to attract and retain an appropriate caliber of talent for the position and to provide a base level of monthly income that is not subject to any performance risk. We conduct a review of base salaries annually, and during such review we generally consider each named executive officer's past performance, the scope of the role and responsibilities of the named executive officer within the Company and the performance of the Company as a whole. We also review the named executive officer's compensation relative to that of our other executive officers and to the market for executive officers of similar expertise and experience. The base salary for Mr. Galvin was increased in fiscal year 2021 to \$300,000 from \$250,000. Base salaries for our other named executive officers were not increased during fiscal year 2021.

Variable Incentive Compensation. We award variable incentive compensation to reward performance achievements with a time horizon of one year or less. We provide this opportunity to attract and retain an appropriate caliber of talent for the position and to motivate executives to achieve our annual business goals. We review variable incentive compensation awards annually to determine award payments for the last completed fiscal year, as well as to establish award opportunities for the current fiscal year.

To determine the actual amount of variable incentive compensation for each named executive officer, the Compensation Committee reviews quantitative and qualitative criteria. With respect to both types of criteria, attainment of any specific level of performance or specific qualitative goal does not determine the amount of the bonus, except as discussed below regarding Messrs. Cifu's, Molluso's, Fairclough's, and Cavoli's annual bonus. Other than as set forth below with respect to Messrs. Cifu's, Molluso's, Fairclough's and Cavoli's annual bonus, no pre-determined single performance metric is disproportionately weighted in making the determination of a named executive officer's variable incentive compensation payout, which provides discretion to our Compensation Committee

to adjust the actual amount paid in respect of variable incentive compensation to reward financial performance and individual performance in the context of our growing and dynamic business.

The amount of the variable incentive compensation award can be paid in a mixture of cash and/or equity, as determined by the Compensation Committee each year. This provides the Compensation Committee with more flexibility, under differing market and financial conditions and depending upon the strategic direction of the firm, to easily vary the mix of compensation without the need to focus on the form (cash or stock) but rather the value being delivered coupled with the proper incentives for our named executive officers to create short- and long-term stockholder value. Generally, the mixture of cash and equity-based compensation is determined by the aggregate variable incentive compensation payable for the applicable year. For each of Messrs. Cifu, Molluso, Fairclough, and Cavoli, 50% of his 2021 variable incentive compensation was paid in cash and 50% was paid in equity-based compensation, 30% paid in the form of restricted stock units that vest ratably over a three-year period and 20% paid in fully vested common stock, subject to any deferrals (see “Employee Benefits and Perquisites” on page 26 of this proxy statement). For Mr. Galvin, 60% of his 2021 variable incentive compensation was paid in cash and 40% was paid in equity-based compensation, 24% paid in the form of restricted stock units that vest ratably over a three-year period and 16% paid in fully vested common stock. We use awards of fully vested common stock and restricted stock units as a long-term incentive vehicle because it aligns the interests of executives with those of stockholders, supports a pay for performance culture, fosters employee stock ownership, and focuses the management team on increasing value for the stockholders and on the Company’s long-term performance.

In fiscal year 2021, in accordance with the terms of his employment agreement, Mr. Cifu was eligible to earn an annual bonus with a target bonus opportunity equal to \$2,500,000 and a maximum bonus opportunity equal to \$5,000,000. 80% of the annual bonus was based on the achievement of select quantitative goals as determined by the board of directors and the Compensation Committee and 20% of the annual bonus was based on the achievement of qualitative goals and metrics, including debt and capital structure management, select strategic initiatives, headquarters consolidation, technology integration goals and people and community measures. For fiscal year 2021, the threshold to earn the target performance-based portion of the annual bonus was achievement of budgeted adjusted net trading income, growth initiatives, expenses, adjusted EBITDA and cumulative adjusted EBITDA with a multi-year lookback. These target amounts were established as ranges dependent on the market environment during the year as measured by total market volumes and implied and realized volatility. Based on the actual market environment, budgeted daily adjusted net income was in the range of \$6.0 to \$6.4 million and budgeted adjusted EBITDA was in the range of \$714 to \$1,187 million. As a result of the Company’s actual performance of \$7.56 million of daily adjusted net trading income and \$1,297 million of adjusted EBITDA, Mr. Cifu earned 100% (i.e., \$4,000,000) of the performance-based portion of his annual bonus. Additionally, based on the achievement of the aforementioned qualitative goals, the Compensation Committee determined that Mr. Cifu earned 100% (i.e., \$1,000,000) of the qualitative portion of his annual bonus.

The amounts paid to Messrs. Molluso, Fairclough, and Cavoli were also determined in accordance with the terms of their respective employment agreements, which provide for a target bonus opportunity equal to \$1,500,000 and a maximum bonus opportunity equal to \$2,500,000. 80% of the annual bonus was based on the achievement of select quantitative goals based on the Company’s adjusted net trading income and adjusted EBITDA as compared to budgeted amounts in fiscal year 2021 and 20% of the annual bonus was based on the achievement of qualitative goals and metrics determined with the Chief Executive Officer. For fiscal year 2021, the threshold to earn the target performance-based portion of the annual bonus was achievement of budgeted adjusted net trading income, growth initiatives, expenses, adjusted EBITDA and cumulative adjusted EBITDA with a multi-year lookback. These target amounts were established as ranges dependent on the market environment during the year as measured by total market volumes and implied and realized volatility. Based on the actual market environment, budgeted daily adjusted net income was in the range of \$6.0 to \$6.4 million and budgeted adjusted EBITDA was in the range of \$714 to \$1,187 million. Based on the Company’s actual performance of \$7.56 million of daily adjusted net trading income and \$1,297 million of adjusted EBITDA, each of Messrs. Molluso, Fairclough, and Cavoli earned 100% (i.e., \$2,000,000) of the performance-based portion of his annual bonus, and the CEO together with the Compensation Committee, determined that each executive earned 100% (i.e., \$500,000) of the qualitative portion of his annual bonus.

Mr. Galvin’s variable incentive compensation was determined by the Chief Executive Officer and the Compensation Committee based on the Company’s financial performance as well as various other objectives and metrics.

EXECUTIVE COMPENSATION

Accordingly, for fiscal year 2021, the amount of variable incentive compensation form of payments to our named executive officers is described in the table below:

Annual Equity Awards

Cifu Equity Awards

In fiscal year 2021, in accordance with the terms of his employment agreement, Mr. Cifu received a grant of 150,000 restricted stock units that are earned based on the percentage of budgeted adjusted EBITDA achieved in fiscal year 2021: 50% of the shares are earned if 70% of budgeted adjusted EBITDA is achieved and 100% of the shares are earned if 75% of budgeted adjusted EBITDA is achieved. For fiscal year 2021, our budgeted adjusted EBITDA goal was a range based on the market environment during the year. Based on the actual market environment, budgeted adjusted EBITDA was in the range of \$714 to \$1,187 million, and we achieved over 100% of such range. Accordingly, all of the restricted stock units granted to Mr. Cifu in fiscal year 2021 were earned, with half of the shares vesting as of December 31, 2021, and the remainder to vest as of December 31, 2022.

The Compensation Committee believes these awards incentivize Mr. Cifu to achieve key financial goals of the Company and aligns his long-term interests with those of our stockholders.

Employee Benefits and Perquisites

We provide a number of benefit plans to all eligible employees, including our named executive officers. These benefits include medical, dental, life insurance, business travel accident insurance, short- and long-term disability coverage and a 401(k) defined contribution plan.

On November 13, 2020, the Company adopted the Virtu Financial, Inc. Deferred Compensation Plan (the “DCP”). The DCP permits eligible executive officers and other employees to defer cash or equity-based compensation beginning in the calendar year ending December 31, 2021, subject to certain limitations and restrictions. The Company recognized \$5.0 million as compensation cost under the DCP as of December 31, 2021.

In fiscal year 2021, only Messrs. Cifu and Molluso participated in the DCP and chose to defer a portion of his compensation in the form of deferred stock units.

Name	Executive Contributions in Last FY(1)	Registrant Contributions in Last FY	Aggregate Earnings in Last FY	Aggregate Withdrawals/Distributions	Aggregate Balance at Last FYE
Douglas A. Cifu	\$4,500,000	—	\$0	—	\$4,500,000
Joseph Molluso	\$ 500,000	—	\$0	—	\$ 500,000

While perquisites help to provide our named executive officers a benefit with a high perceived value at a relatively low cost, we do not generally view perquisites as a material component of our executive compensation program. In the future, we may provide additional or different perquisites or other personal benefits in limited circumstances, such as where we believe doing so is appropriate to assist an executive in the performance of his or her duties, to make our named executive officers more efficient and effective and for recruitment, motivation and/or retention purposes.

Severance Protection

We have previously entered into employment agreements with Messrs. Cifu, Molluso, Fairclough, and Cavoli that provide for certain severance payments and benefits in the event that such named executive officer's employment is terminated under specified conditions. In addition, the vesting of a portion of each of these named executive officer's equity award or awards accelerates in connection with qualifying terminations of employment. We believe that these severance benefits are appropriate to remain competitive in our executive retention efforts, recognizing that such benefits are commonly offered by employers competing for similar executive talent. See "Potential Payments upon Termination of Employment or Change in Control" for additional information.

Taxation of Executive Compensation

For income tax purposes, public companies may not deduct any portion of compensation that is in excess of \$1 million paid in a taxable year to certain "covered employees," including our named executive officers, under Section 162(m) of the Internal Revenue Code of 1986, as amended ("**Section 162(m)**"), subject to certain limited exceptions. Following recent changes to Section 162(m) or related rules, deductibility for 2021 compensation may only be permitted in certain limited cases, if at all, and for future periods may not be permitted at all.

Nevertheless, even if Section 162(m) were to apply to compensation paid to our named executive officers, our board of directors believes that it should not be constrained by the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "**Code**") if those requirements would impair flexibility in compensating our named executive officers in a manner that can best promote our corporate objectives. We intend to continue to compensate our executive officers in a manner consistent with the best interests of our stockholders and reserve the right to award compensation that may not be deductible under Section 162(m) where the Company believes it is appropriate to do so.

Section 409A of the Code requires that "nonqualified deferred compensation" be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A.

Employment Agreements and Restrictive Covenant Agreements

Employment Agreement with Mr. Cifu

On November 15, 2017, we entered into a new employment agreement with Mr. Cifu, which amended and superseded the terms of his prior employment agreement dated April 14, 2015, pursuant to which Mr. Cifu will continue to serve as our Chief Executive Officer and report to our board of directors. Mr. Cifu's duties, responsibilities and permitted activities are substantially identical to his original employment agreement. Mr. Cifu's employment agreement further provides that to the extent such activities do not significantly interfere with the performance of his duties, service and responsibilities, Mr. Cifu is permitted to manage his personal, financial and legal affairs, serve on civic or charitable boards and committees and, to the extent approved by our board of directors, serve on corporate boards and committees; provided that Mr. Cifu is permitted to continue to be engaged in, or provide services to, certain specified businesses and activities (including, but not necessarily limited to, his role as the Vice Chairman and Alternate Governor of the Florida Panthers, a National Hockey League franchise), and to become engaged in, or provide services to, any other business or activity in which Mr. Vincent Viola, our founder and Chairman Emeritus, is permitted to become engaged in, to the extent that Mr. Cifu's level of participation in such businesses or activities is consistent with his participation in the aforementioned specified businesses or activities prior to the effective date of the employment agreement.

EXECUTIVE COMPENSATION

The employment agreement has an initial term of five years ending on November 15, 2022, with automatic renewals for successive one-year terms thereafter unless either we or Mr. Cifu provides notice of non-renewal at least ninety days in advance of the expiration of the then current term. However, if a change in control of the Company occurs at a time when there are less than two years remaining in the term, the term will automatically be extended so that the expiration date is two years from the effective date of the change in control.

Under the employment agreement, Mr. Cifu's base salary is \$1,000,000 and Mr. Cifu is eligible to earn an annual bonus with a target bonus opportunity equal to \$2,500,000 and a maximum bonus opportunity equal to \$5,000,000. 80% of the annual bonus will be based on the achievement of quantitative targets composed of specific components of the Company's annual budget and 20% of the annual bonus will be based on the achievement of qualitative goals. To the extent earned, a maximum of 50% of the annual bonus will be paid in cash, 30% of the annual bonus will be paid in the form of restricted stock units or restricted shares of Class A common stock of the Company that vest in three equal annual installments and the remaining 20% will be paid in the form of fully vested shares of Class A common stock.

The employment agreement provides that, commencing with calendar year 2018, Mr. Cifu is eligible to receive an equity award at the beginning of each calendar year during the term (each such award to any executive, an "**annual equity grant**"). It is our board of directors' current intention that the annual equity grant will be in the form of 150,000 restricted shares of Class A common stock that are subject to performance and service conditions. The number of shares earned under each annual equity grant will be based on the percentage of budgeted EBITDA achieved in the applicable calendar year, with a minimum of 50% of shares earned upon at least 70% achievement and 100% of shares earned upon at least 75% achievement. To the extent any shares of Class A common stock are earned with respect to an applicable annual equity grant, 50% of such shares will vest on the last day of the calendar year to which such award relates and the remaining 50% will vest on the last day of the subsequent calendar year, subject to Mr. Cifu's continued employment through each applicable vesting date.

The employment agreement further provides that Mr. Cifu is entitled to participate in all of the Company's benefit plans and programs, and to receive perquisites, commensurate with his position, that are provided by the Company from time to time to senior executives generally, and to receive director and officer indemnification and insurance protection. In addition, during the term, Mr. Cifu will be provided a car and driver consistent with past practice.

The employment agreement includes an acknowledgment that Mr. Cifu continues to be bound by the confidentiality and restrictive covenant provisions set forth in the Amended and Restated Virtu Financial LLC Agreement, which provides for confidentiality and non-disparagement restrictions, as well as non-compete and non-solicitation restrictions until the third anniversary on which Mr. Cifu ceases to be an officer, director or employee of the Company. The employment agreement also provides that the Company will pay as incurred, to the fullest extent permitted by law, all legal fees and expenses that Mr. Cifu incurs as a result of any contest (regardless of the outcome) by the Company, Mr. Cifu or others of the validity or enforceability of, or liability under, any provision of the employment agreement or any guarantee of performance of the employment agreement that arises in connection with or following a change in control, plus interest on any delayed payment at the applicable federal rate under Section 7872 of the Code.

The employment agreement for Mr. Cifu provides for severance upon certain terminations of employment as described below under "Potential Payments Upon Termination of Employment or Change in Control."

Employment Agreement with Mr. Molluso

Virtu East entered into a new employment agreement with Mr. Molluso on April 30, 2020, pursuant to which Mr. Molluso was appointed as our Co-President and Co-Chief Operating Officer, reporting to our Chief Executive Officer. Mr. Molluso's employment agreement further provides that to the extent such activities do not significantly interfere with the performance of his duties, service and responsibilities, Mr. Molluso is permitted to manage his personal, financial and legal affairs, serve on civic or charitable boards and committees and, to the extent approved by our board of directors, serve on corporate boards and committees.

The employment agreement has an initial term of three years ending on April 30, 2023, with automatic renewals for successive one-year terms thereafter unless either we or Mr. Molluso provides notice of non-renewal at least ninety days in advance of the expiration of the then current term. However, if a change in control of the Company occurs at a time when there is less than one year remaining in the term, the term will automatically be extended so that the expiration date is one year from the effective date of the change in control.

Under the employment agreement, Mr. Molluso's base salary is \$500,000 and Mr. Molluso is eligible to earn an annual bonus with a minimum amount of \$2,500,000 with respect to the fiscal year ended December 31, 2020, and \$1,500,000 with respect to the fiscal years ended December 31, 2021 and December 31, 2022, and a maximum bonus opportunity equal to \$2,500,000. 80% of the annual bonus will be based on the achievement of quantitative targets set by the Company's Chief Executive Officer together with the Compensation Committee and 20% of the annual bonus will be based on the achievement of qualitative goals set by the Company's Chief Executive Officer together with the Compensation Committee. To the extent earned, the annual bonus will be paid in a mix of cash, restricted stock units and fully vested shares of Class A common stock in accordance with the Company's incentive and equity plans as in effect from time to time.

The employment agreement also provided for a special long-term equity award in the form of 150,000 restricted shares of Class A common stock that are subject to performance and service conditions, which was issued on June 22, 2020. The number of shares earned under each annual equity grant will be based on the percentage of budgeted EBITDA achieved in each of the three calendar years during the vesting period, with a minimum of 50% of shares earned upon at least 70% achievement and 100% of shares earned upon at least 75% achievement. To the extent any shares of Class A common stock are earned with respect to an applicable calendar year, such shares will vest on the last day of such calendar year to which such award relates.

If Mr. Molluso is terminated at any time in anticipation of, or within 12 months following, a change in control, then Mr. Molluso is entitled to the payments and benefits described above, however, in lieu of the Molluso Severance Amount, Mr. Molluso will be entitled to an amount equal to two times the sum of (x) his base salary then in effect plus (y) the prior year's actual discretionary bonus paid to him.

If any payments to Messrs. Cifu, Molluso, Fairclough, Cavoli, and Galvin are determined to be so called "golden parachute" payments subject to the excise tax under Section 4999 of the Code, then such payments will be reduced to the extent such reduction would result in the executive retaining a greater net after tax amount than he would have retained had he received the full amount of the payments and paid the applicable excise tax.

As required by Section 953(b) of the Dodd-Frank Act, we are providing the following information about the relationship of the annual total compensation of our Chief Executive Officer, Mr. Douglas A. Cifu, and the annual total compensation of our median employee. For the year ended December 31, 2021:

- The median of the annual total compensation of all employees of our Company (other than our Chief Executive Officer) was approximately \$235,000;
- The annual total compensation of our Chief Executive Officer was \$10,107,261 (as disclosed in the Summary Compensation Table herein); and
- Based on this information, the ratio of the annual total compensation of our Chief Executive Officer to the median employee was 43 to 1.

To determine the median of the annual total compensation of all employees of the Company (other than our Chief Executive Officer), we identified our total employee population as of December 31, 2021, which consisted of approximately 977 individuals, 11 of which were temporary employees.

We determined the median based on each employee's annual base pay as of December 31, 2021, plus the variable incentive compensation award they received in 2022 for the 2021 performance year. Variable incentive compensation consisted of cash bonuses and/or the fair value of stock awards granted under the Virtu Financial, Inc. Amended and Restated Management Incentive Plan and the Investment Technology Group, Inc. 2007 Omnibus Equity Compensation Plan (which was assumed in connection with the ITG Acquisition) at the grant date. The annual total compensation of the median employee presented above is a reasonable estimate calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Hedging Policy

The Company's Securities Trading Policy discourages speculative hedging transactions, but permits directors, officers and employees of the Company to enter into long-term (six-month or longer) hedging transactions relating to shares of common stock or stock options of the Company, subject to pre-clearance pursuant to the Securities Trading Policy.

Pre-Approval Policy

The policy of our Audit Committee is to review in advance and preapprove all audit or non-audit services to be provided by the Company's independent or other registered public accounting firm and to approve all related fees and other terms of engagement.

All of the audit related, tax and all other services provided by PricewaterhouseCoopers LLP to us since their appointment in 2018, and by Deloitte & Touche LLP to us subsequent to our initial public offering in 2016 and until their dismissal in 2018, were approved by our Audit Committee, and none of such services were approved pursuant to the exception provided by Rule 2-01(c)(7)(i)(C) under Regulation S X. All non-audit services provided subsequent to our initial public offering in 2016 were reviewed with the Audit Committee, which in each case concluded that the provision of such services by the relevant independent registered public accounting firm was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Proposal 4: Amendment to the Virtu Financial, Inc. Amended and Restated 2015 Management Incentive Plan

The Board has previously adopted and our stockholders have previously approved the Virtu Financial Amended and Restated 2015 Management Incentive Plan (as previously amended, the “**2015 Incentive Plan**”). On April 22, 2020, the Board adopted an amendment to the 2015 Incentive Plan to increase the number of the Company’s Class A common stock available thereunder from 5,000,000 shares to a total of 26,000,000 shares. This amendment was approved by our stockholders at our 2020 annual meeting of stockholders on June 5, 2020.

Subject to the approval of our stockholders, the Board on April 22, 2022 adopted an amendment (the “**Amendment**”) to the 2015 Incentive Plan. In this proposal, we are asking our stockholders to approve the 2015 Incentive Plan, as proposed to be amended by the Amendment.

The Amendment makes the following key changes to the 2015 Incentive Plan:

- Increases the number of shares of the Company’s Class A common stock available for future issuance under the 2015 Incentive Plan by 5,000,000 shares to a total of 26,000,000 shares.

We expect the 5,000,000 additional shares to be sufficient funding under the 2015 Incentive Plan for approximately three years, based upon the closing stock price of \$37.04 on April 7, 2022. Our Board believes that equity compensation plays an important role in our compensation program, for retention purposes and to attract new employees by aligning the interests of the participants in our compensation programs with those of our stockholders, and therefore, it is essential for our Company to have a sufficient number of reserved shares available for issuance under our equity compensation plans, and without the additional shares, our Company would not be in a position to do so. These additional shares are necessary from a strategic and operational perspective in order to attract and retain the talent necessary for our business to be successful.

Our Board believes that the proposed increase will provide a sufficient number of available shares of our Class A common stock for future granting needs to help our Company achieve the purposes of the 2015 Incentive Plan. Our Board reviewed our historical and prospective usage of equity to determine the number of shares we will most likely require for future compensation purposes for the next three years, subject to market conditions and Company performance. This review took into account shares remaining in the 2015 Incentive Plan, potential shares that may become issuable in the future based on performance, including year-to-date accruals under our current programs, and the effect of new hires as our Company continues to grow. Our Board also considered our prospective equity usage relative to our peers.

If the stockholders do not approve this Proposal 4, the Amendment will not become effective, the proposed additional shares will not become available for issuance under the 2015 Incentive Plan, and the 2015 Incentive Plan will continue as in effect prior to the Amendment, subject to previously authorized share limits.

Summary of Sound Governance Features of the 2015 Incentive Plan

The Board and the Compensation Committee believe the 2015 Incentive Plan, as amended by the Amendment, contains several features that are consistent with the interests of our stockholders and sound corporate governance practices, including the following:

- **No “evergreen” provision.** The number of shares of our Class A common stock available for issuance under the 2015 Incentive Plan is fixed and does not adjust based upon the number of shares outstanding.
- **Will not be excessively dilutive to our stockholders.** Subject to adjustment, the maximum number of shares of our Class A common stock authorized and reserved for issuance under the 2015 Incentive Plan will increase from 21,000,000 to 26,000,000.

PROPOSAL 4: AMENDMENT TO THE VIRTU FINANCIAL, INC. AMENDED AND RESTATED 2015
MANAGEMENT INCENTIVE PLAN

- **No liberal change in control definition.** The change in control definition in the 2015 Incentive Plan is not a “liberal” definition and, for example, would not be achieved merely upon stockholder approval of a transaction. A change in control (or the approval of a plan of complete dissolution or liquidation) must actually occur in order for the change in control provisions in the 2015 Incentive Plan to be triggered.
- **No repricing without stockholder approval.** The 2015 Incentive Plan prohibits the repricing of outstanding stock options or SARs (as defined below) without stockholder approval.

A copy of the Amendment and a full text of the 2015 Incentive Plan is attached as Annex A to this Proxy Statement. Except for the change outlined above, there are no other changes to the terms and provisions of the 2015 Incentive Plan. The 2015 Incentive Plan was amended by our Board on April 22, 2022 and is subject to the approval of our stockholders at the Annual Meeting. The Amendment to the 2015 Incentive Plan was approved by our Board.

Summary of the 2015 Incentive Plan Features

The following is a summary of the material terms and conditions of the 2015 Incentive Plan assuming that the proposed amendment under the 2015 Incentive Plan is approved by stockholders at the Annual Meeting. Except for the foregoing, there are no other changes to the terms and provisions of the 2015 Incentive Plan. This summary is qualified in its entirety by reference to the 2015 Incentive Plan and the Amendment attached as Annex A to this proxy statement. You are encouraged to read the 2015 Incentive Plan and the Amendment in its entirety.

Administration. The Compensation Committee (or subcommittee thereof, if necessary for Section 162(m) of the Code) will administer the 2015 Incentive Plan. The Compensation Committee will have the authority to determine the terms and conditions of any agreements evidencing any awards granted under the 2015 Incentive Plan and to adopt, alter and repeal rules, guidelines and practices relating to the 2015 Incentive Plan. The Compensation Committee will have full discretion to administer and interpret the 2015 Incentive Plan and to adopt such rules, regulations and procedures as it deems necessary or advisable and to determine, among other things, the time or times at which the awards may be exercised and whether and under what circumstances an award may be exercised.

Eligibility. Any current or prospective employees, directors, officers, consultants or advisors of our Company or its affiliates will be eligible for awards under the 2015 Incentive Plan, subject to the Compensation Committee’s authority and administration over the 2015 Incentive Plan and grants made thereunder. As of April 7, 2022, we had approximately 962 employees and officers eligible to participate in the 2015 Incentive Plan, as well as 11 non-employee directors.

Number of Shares Authorized. The 2015 Incentive Plan provides for an aggregate of 26,000,000 shares of our Class A common stock. No more than 26,000,000 shares of our Class A common stock may be issued with respect to incentive stock options under the 2015 Incentive Plan. No participant may be granted awards of options and stock appreciation rights with respect to more than 1,000,000 shares of our Class A common stock in any 12-month period. No more than 1,000,000 shares of our Class A common stock may be granted under the 2015 Incentive Plan with respect to any performance compensation awards to any participant during a performance period (or with respect to each year if the performance period is more than one year). The maximum amount payable to any participant under the 2015 Incentive Plan for any single year during a performance period for a cash denominated award is \$10,000,000 (with respect to each year if the performance period is more than one year). The maximum amount (based on the grant-date fair market value) of awards that may be granted under the 2015 Incentive Plan in any single fiscal year to any non-employee director is \$300,000. This limitation on awards to non-employee directors does not apply in respect of restricted stock units issued to a non-employee director in lieu of payment of cash director compensation or board or committee fees, nor in respect of any one-time initial equity grant upon a non-employee director’s appointment to our board of directors. Shares of our Class A common stock subject to awards are generally unavailable for future grant; provided that in no event shall such shares increase the number of shares of our Class A common stock that may be delivered pursuant to incentive stock options granted under the 2015 Incentive Plan. If any award granted under the 2015 Incentive Plan expires, terminates, is canceled or forfeited without being settled or exercised, or if a stock appreciation right is settled in cash or otherwise without the issuance of shares, shares of our Class A common subject to such award will again be made available for future grant. In addition, if any shares are surrendered or tendered to pay the exercise price of an award or to satisfy withholding taxes owed, such shares will again be available for grant under the 2015 Incentive Plan.

Change in Capitalization. If there is a change in our Company’s corporate capitalization in the event of a stock or extraordinary cash dividend, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation,

MANAGEMENT INCENTIVE PLAN

split-up, split-off, spin-off, combination, repurchase or exchange of shares of our Class A common stock or Class B common stock or other relevant change in capitalization or applicable law or circumstances, such that the Compensation Committee determines that an adjustment to the terms of the 2015 Incentive Plan (or awards thereunder) is necessary or appropriate, then the Compensation Committee may make adjustments in a manner that it deems equitable. Such adjustments may be to the number of shares reserved for issuance under the 2015 Incentive Plan, the number of shares covered by awards then outstanding under the 2015 Incentive Plan, the limitations on awards under the 2015 Incentive Plan, the exercise price of outstanding options and such other equitable substitution or adjustments as it may determine appropriate.

Awards Available for Grant. The Compensation Committee may grant awards of non-qualified stock options, incentive (qualified) stock options, stock appreciation rights (“SARs”), restricted stock awards, restricted stock units, other stock-based awards, performance compensation awards (including cash bonus awards), other cash-based awards or any combination of the foregoing. Awards may be granted under the 2015 Incentive Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by our Company or with which our Company combines (which are referred to herein as “**Substitute Awards**”).

Stock Options. The Compensation Committee will be authorized to grant options to purchase shares of our Class A common stock that are either “qualified,” meaning they are intended to satisfy the requirements of Section 422 of the Code for incentive stock options, or “non-qualified,” meaning they are not intended to satisfy the requirements of Section 422 of the Code. All options granted under the 2015 Incentive Plan shall be non-qualified unless the applicable award agreement expressly states that the option is intended to be an “incentive stock option.” Options granted under the 2015 Incentive Plan will be subject to the terms and conditions established by the Compensation Committee. Under the terms of the 2015 Incentive Plan, the exercise price of the options will not be less than the fair market value of our Class A common stock at the time of grant (except with respect to Substitute Awards). Options granted under the 2015 Incentive Plan will be subject to such terms, including the exercise price and the conditions and timing of exercise, as may be determined by the Compensation Committee and specified in the applicable award agreement. The maximum term of an option granted under the 2015 Incentive Plan will be ten years from the date of grant (or five years in the case of a qualified option granted to a 10% shareholder), provided that, if the term of a non-qualified option would expire at a time when trading in the shares of our Class A common stock is prohibited by our Company’s insider trading policy, the option’s term shall be automatically extended until the 30th day following the expiration of such prohibition (as long as such extension shall not violate Section 409A of the Code). Payment in respect of the exercise of an option may be made in cash, by check, by cash equivalent and/or shares of our Class A common stock valued at the fair market value at the time the option is exercised (provided that such shares are not subject to any pledge or other security interest), or by such other method as the Compensation Committee may permit in its sole discretion, including: (i) in other property having a fair market value equal to the exercise price and all applicable required withholding taxes, (ii) if there is a public market for the shares of our Class A common stock at such time, by means of a broker-assisted cashless exercise mechanism or (iii) by means of a “net exercise” procedure effected by withholding the minimum number of shares otherwise deliverable in respect of an option that are needed to pay the exercise price and all applicable required withholding taxes. Any fractional shares of Class A common stock will be settled in cash.

Stock Appreciation Rights. The Compensation Committee will be authorized to award SARs under the 2015 Incentive Plan. SARs will be subject to the terms and conditions established by the Compensation Committee. A SAR is a contractual right that allows a participant to receive, either in the form of cash, shares or any combination of cash and shares, the appreciation, if any, in the value of a share over a certain period of time. An option granted under the 2015 Incentive Plan may include SARs and SARs may also be awarded to a participant independent of the grant of an option. SARs granted in connection with an option shall be subject to terms similar to the option corresponding to such SARs, including with respect to vesting and expiration. Except as otherwise provided by the Compensation Committee (in the case of Substitute Awards or SARs granted in tandem with previously granted options), the strike price per share of our Class A common stock for each SAR shall not be less than 100% of the fair market value of such share, determined as of the date of grant. The remaining terms of the SARs shall be established by the Compensation Committee and reflected in the award agreement.

Restricted Stock. The Compensation Committee will be authorized to grant restricted stock under the 2015 Incentive Plan, which will be subject to the terms and conditions established by the Compensation Committee. Restricted stock is Class A common stock that generally is non-transferable and is subject to other restrictions determined by the Compensation Committee for a specified period. Any accumulated dividends will be payable at the same time as the underlying restricted stock vests.

PROPOSAL 4: AMENDMENT TO THE VIRTU FINANCIAL, INC. AMENDED AND RESTATED 2015
MANAGEMENT INCENTIVE PLAN

Restricted Stock Unit Awards. The Compensation Committee will be authorized to award restricted stock unit awards, which will be subject to the terms and conditions established by the Compensation Committee. A restricted stock unit award, once vested, may be settled in common shares equal to the number of units earned, or in cash equal to the fair market value of the number of vested shares, at the election of the Compensation Committee. Restricted stock units may be settled at the expiration of the period over which the units are to be earned or at a later date selected by the Compensation Committee. To the extent provided in an award agreement, the holder of outstanding restricted stock units shall be entitled to be credited with dividend equivalent payments upon the payment by our Company of dividends on shares of our Class A common stock, either in cash or (at the sole discretion of the Compensation Committee) in shares of our Class A common stock having a fair market value equal to the amount of such dividends, and interest may, at the sole discretion of the Compensation Committee, be credited on the amount of cash dividend equivalents at a rate and subject to such terms as determined by the Compensation Committee, which accumulated dividend equivalents (and interest thereon, if applicable) shall be payable at the same time as the underlying restricted stock units are settled.

Other Stock-Based Awards. The Compensation Committee will be authorized to grant awards of unrestricted shares of our Class A common stock, rights to receive grants of awards at a future date, or other awards denominated in shares of our Class A common stock under such terms and conditions as the Compensation Committee may determine and as set forth in the applicable award agreement.

Performance Compensation Awards. The Compensation Committee may grant any award under the 2015 Incentive Plan in the form of a "Performance Compensation Award" (including cash bonuses) intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code by conditioning the number of shares earned or vested, or any payout, under the award on the satisfaction of certain "Performance Goals." The Compensation Committee may establish these Performance Goals with reference to one or more of the following:

- net earnings or net income (before or after taxes);
- basic or diluted earnings per share (before or after taxes);
- net revenue or net revenue growth;
- gross revenue or gross revenue growth, gross profit or gross profit growth;
- net operating profit (before or after taxes);
- return measures (including, but not limited to, return on investment, assets, capital, gross revenue or gross revenue growth, invested capital, equity or sales);
- cash flow measures (including, but not limited to, operating cash flow, free cash flow and cash flow return on capital), which may but are not required to be measured on a per-share basis;
- earnings before or after taxes, interest, depreciation, and amortization (including EBIT and EBITDA);
- gross or net operating margins;
- productivity ratios;
- share price (including, but not limited to, growth measures and total shareholder return);
- expense targets or cost reduction goals, general and administrative expense savings;
- operating efficiency;
- objective measures of customer satisfaction;
- working capital targets;
- measures of economic value added or other "value creation" metrics;
- enterprise value;
- stockholder return;
- client retention;
- competitive market metrics;

MANAGEMENT INCENTIVE PLAN

- employee retention;
- objective measures of personal targets, goals or completion of projects (including, but not limited to, succession and hiring projects, completion of specific acquisitions, reorganizations or other corporate transactions or capital-raising transactions, expansions of specific business operations and meeting divisional or project budgets);
- system-wide revenues;
- cost of capital, debt leverage year-end cash position or book value;
- strategic objectives, development of new product lines and related revenue, sales and margin targets, or international operations; or
- any combination of the foregoing.

Any of the above Performance Goal elements can be stated as a percentage of another Performance Goal or used on an absolute, relative or adjusted basis to measure the performance of our Company and/or its affiliates or any divisions, operation or business units, product lines, asset classes, brands, administrative departments or combination thereof, as the Compensation Committee deems appropriate. Performance Goals may be compared to the performance of a group of comparator companies or a published or special index that the Compensation Committee deems appropriate or, stock market indices. The Compensation Committee may provide for accelerated vesting of any award based on the achievement of Performance Goals. Any award that is intended to qualify as “performance-based compensation” under Section 162(m) of the Code will be granted, and Performance Goals for such an award will be established, by the Compensation Committee in writing not later than 90 days after the commencement of the performance period to which the Performance Goals relate, or such other period required under Section 162(m) of the Code. Before any payment is made in connection with any award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Compensation Committee must certify in writing that the Performance Goals established with respect to such award have been achieved. In determining the actual amount of an individual participant’s Performance Compensation Award for a performance period, the Compensation Committee may reduce or eliminate the amount of the Performance Compensation Award earned consistent with Section 162(m) of the Code.

The Compensation Committee may also specify adjustments or modifications (to the extent it would not result in adverse results under Section 162(m) of the Code) to be made to the calculation of a Performance Goal for such performance period, based on and in order to appropriately reflect the following events: (i) asset write-downs; (ii) litigation or claim judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) extraordinary nonrecurring items and/or in management’s discussion and analysis of financial condition and results of operations appearing in our Company’s annual report to shareholders for the applicable year; (vi) acquisitions or divestitures; (vii) any other specific, unusual or nonrecurring events, or objectively determinable category thereof; (viii) foreign exchange gains and losses; (ix) discontinued operations and nonrecurring charges; and (x) a change in our Company’s fiscal year.

Unless otherwise provided in the applicable award agreement, a participant shall be eligible to receive payment in respect of a performance compensation award only to the extent that (i) the Performance Goals for such period are achieved; and (ii) all or some of the portion of such participant’s performance compensation award has been earned for the performance period based on the application of the “Performance Formula” (as defined in the 2015 Incentive Plan) to such Performance Goals.

Effect of a Change in Control. Unless otherwise provided in an award agreement, or any applicable employment, consulting, change in control, severance or other agreement between a participant and our Company, in the event of a change of control, if a participant’s employment or service is terminated by our Company other than for cause (and other than due to death or disability) within the 12-month period following a change in control, then the Compensation Committee may provide that (i) all then-outstanding options and SARs will become immediately exercisable as of such participant’s date of termination with respect to all of the shares subject to such option or SAR; and/or (ii) the restricted period shall expire as of such participant’s date of termination with respect to all of the then-outstanding shares of restricted stock or restricted stock units (including, without limitation, a waiver of any applicable Performance Goals); provided that any award whose vesting or exercisability is otherwise subject to the achievement of performance conditions, the portion of such award that shall become fully vested and immediately

exercisable shall be based on the assumed achievement of target performance as determined by the Compensation Committee and prorated for the number of days elapsed from the grant date of such award through the date of termination. In addition, the Compensation Committee may in its discretion and upon at least 10 days' notice to the affected persons, cancel any outstanding award and pay the holders, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such awards based upon the price per share of the Company's common stock received or to be received by other shareholders of the Company in the event. Notwithstanding the above, the Compensation Committee shall exercise such discretion over any award subject to Section 409A of the Code at the time such award is granted.

Nontransferability. Each award may be exercised during the participant's lifetime by the participant or, if permissible under applicable law, by the participant's guardian or legal representative. No award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution unless the Compensation Committee permits the award to be transferred to a permitted transferee (as defined in the 2015 Incentive Plan).

Amendment. The 2015 Incentive Plan will have a term of 10 years. The board of directors may amend, suspend or terminate the 2015 Incentive Plan at any time, subject to stockholder approval if necessary to comply with any tax, NASDAQ or other applicable regulatory requirement. No amendment, suspension or termination will materially and adversely affect the rights of any participant or recipient of any award without the consent of the participant or recipient. The Compensation Committee may, to the extent consistent with the terms of any applicable award agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any award theretofore granted or the associated award agreement, prospectively or retroactively; provided that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any participant or any holder or beneficiary of any option theretofore granted will not to that extent be effective without the consent of the affected participant, holder or beneficiary; and provided further that, without stockholder approval, (i) no amendment or modification may reduce the option price of any option or the strike price of any SAR, (ii) the Compensation Committee may not cancel any outstanding option and replace it with a new option (with a lower exercise price) or cancel any SAR and replace it with a new SAR (with a lower strike price) or other award or cash in a manner that would be treated as a repricing (for compensation disclosure or accounting purposes), and (iii) the Compensation Committee may not take any other action considered a repricing for purposes of the shareholder approval rules of the applicable securities exchange on which our common shares are listed. However, stockholder approval is not required with respect to clauses (i), (ii), and (iii) above with respect to certain adjustments on changes in capitalization. In addition, none of the requirements described in the preceding clauses (i), (ii), and (iii) can be amended without the approval of our stockholders.

U.S. Federal Income Tax Consequences

The following is a general summary of the material U.S. federal income tax consequences of the grant and exercise and vesting of awards under the 2015 Incentive Plan and the disposition of shares acquired pursuant to the exercise or settlement of such awards and is intended to reflect the current provisions of the Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local and payroll tax considerations. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant.

Stock Options. The Code requires that, for treatment of an option as an incentive stock option, shares of our common stock acquired through the exercise of an incentive stock option cannot be disposed of before the later of (i) two years from the date of grant of the option, or (ii) one year from the date of exercise. Holders of incentive stock options will generally incur no federal income tax liability at the time of grant or upon exercise of those options. However, the spread at exercise will be an "item of tax preference," which may give rise to "alternative minimum tax" liability for the taxable year in which the exercise occurs. If the holder does not dispose of the shares before two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming both holding periods are satisfied, no deduction will be allowed to us for federal income tax purposes in connection with the grant or exercise of the incentive stock option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of an incentive stock option disposes of those shares, the participant will generally realize taxable compensation at

the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the share on the date of exercise or the amount realized on the subsequent disposition of the shares, and that amount will generally be deductible by us for federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those Sections. Finally, if an incentive stock option becomes first exercisable in any one year for shares having an aggregate value in excess of \$100,000 (based on the grant date value), the portion of the incentive stock option in respect of those excess shares will be treated as a non-qualified stock option for federal income tax purposes. No income will be realized by a participant upon grant of an option that does not qualify as an incentive stock option (a “**non-qualified stock option**”). Upon the exercise of a non-qualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the underlying exercised shares over the option exercise price paid at the time of exercise and the participant’s tax basis will equal the sum of the compensation income recognized and the exercise price. The Company will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections. In the event of a sale of shares received upon the exercise of a non-qualified stock option, any appreciation or depreciation after the exercise date generally will be taxed as capital gain or loss and will be long-term gain or loss if the holding period for such shares is more than one year.

SARs. No income will be realized by a participant upon grant of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the SAR. The Company will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock. A participant will not be subject to tax upon the grant of an award of restricted stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an award of restricted stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will have taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b), the participant will have taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the date of grant over the amount the participant paid for such shares, if any. If the election is made, the participant will not be allowed a deduction for amounts subsequently required to be returned to the Company. (Special rules apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Securities Exchange Act of 1934, as amended). The Company will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock Units. A participant will not be subject to tax upon the grant of a restricted stock unit award. Rather, upon the delivery of shares or cash pursuant to a restricted stock unit award, the participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the participant actually receives with respect to the award.

The Company will be able to deduct the amount of taxable compensation to the participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Section 162(m). The Tax Cuts and Jobs Act of 2017 (“**Tax Act**”) generally eliminated the ability to deduct compensation qualifying for the “performance-based compensation” exception under Code Section 162(m) for tax years commencing after December 31, 2017. Code Section 162(m) imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to “covered employees” (as determined under Code Section 162(m)). For 2017 and prior taxable years, an exception to this deduction limit applied to “performance-based compensation,” such as stock options and other equity awards that satisfied certain criteria. Under the Tax Act, the performance-based pay exception to Code Section 162(m) was eliminated, but a transition rule may allow the exception to continue to apply to certain performance-based compensation payable under written binding contracts that were in effect on November 2, 2017. The Amendment is not intended to affect the ability of awards previously

granted under the 2015 Incentive Plan to qualify for grandfathered status under the Code Section 162(m) transition rules if they otherwise would. However, no assurance can be given that such awards will, in fact, be exempt.

New Plan Benefits

The Company has not approved any awards that are conditioned upon stockholder approval of the 2015 Incentive Plan. Other than with respect to annual restricted stock unit awards to our non-employee directors, awards under the 2015 Incentive Plan will be determined by our board of directors (or committee thereof) in its discretion. It is, therefore, not possible to predict the awards that will be made to particular officers in the future under the 2015 Incentive Plan. For information regarding grants made in 2021 to our named executive officers under the 2015 Plan, see the Summary Compensation Table above.

Non-Employee Directors. The 2015 Incentive Plan authorizes the grant of equity-based awards to non-employee directors pursuant to our director compensation program as in effect from time to time, as described under the heading “Compensation of Directors”. Historically, our non-employee directors have received annual equity grants under the 2015 Incentive Plan in accordance with our director compensation program. The table below sets forth the aggregate grant date fair value of annual equity-based awards that all non-employee directors as a group are expected to receive in fiscal 2022 pursuant to our director compensation program as currently in effect.

Name and Position	Dollar Value	Number of Units
All current non-executive officer directors as a group(1)	\$150,000	—

(1) The number of RSUs granted to non-executive director nominees on the 2022 Annual Meeting date cannot be determined at this time since the grant value will be converted to a number of RSUs using our closing stock price on the 2022 Annual Meeting Date.

In accordance with SEC rules, the table below indicates the aggregate number of stock options granted under the 2015 Incentive Plan since its adoption to each named executive officer, all current executive officers as a group, all current directors (other than executive officers) as a group, and all current employees (other than executive officers) as a group. No stock options have been granted since 2015. As of April 7, 2022, there were 1,543,776 shares of our Class A common stock subject to stock options under the 2015 Incentive Plan, with a weighted average exercise price of \$19.00 and a weighted average remaining term of 5.0 years. As of April 7, 2022, the closing price of our common stock was \$37.04 per share.

Stock Ownership of Certain Beneficial Owners and Management

The tables below set forth information with respect to the beneficial ownership of our Class A common stock and Class B common stock by:

- Each of our directors and executive officers;
- Each person who is known to be the beneficial owner of more than 5% of the outstanding shares of our Class A common stock and Class B common stock; and
- All of our directors and executive officers as a group.

We have four classes of authorized common stock. The Class A common stock and the Class C common stock have one vote per share. The Class B common stock and the Class D common stock have 10 votes per share. Shares of our common stock generally vote together as a single class on all matters submitted to a vote of our stockholders.

Prior to our initial public offering, our business was conducted through Virtu Financial and its subsidiaries. In a series of transactions that occurred in connection with our initial public offering, (i) we became the sole managing member of Virtu Financial and acquired non-voting common interest units of Virtu Financial Units, (ii) certain direct or indirect equity holders of Virtu Financial acquired shares of our Class A common stock and (iii) certain direct or indirect equity holders of Virtu Financial had their interests reclassified into Virtu Financial Units and acquired shares of our Class C common stock or, in the case of the Founder Member only, shares of our Class D common stock (collectively, the “**Virtu Members**”). Subject to certain restrictions, each Virtu Member, other than the Founder Member, has the right at any time to exchange any vested Virtu Financial Units (together with a corresponding number of shares of Class C common stock) for shares of Class A common stock on a one for one basis. Subject to certain restrictions, the Founder Member has the right at any time to exchange any Virtu Financial Units (together with a corresponding number of shares of Class D common stock) for shares of Class B common stock on a one for one basis. Shares of Class B common stock may be converted into shares of Class A common stock on a one for one basis.

The numbers of shares of Class A common stock beneficially owned and percentages of beneficial ownership set forth in the table below assume that (i) all Virtu Financial Units (together with the corresponding shares of Class C common stock) that have vested or will vest within 60 days have been exchanged for shares of Class A common stock, (ii) all Virtu Financial Units (together with the corresponding shares of Class D common stock) have been exchanged for shares of Class B common stock and (iii) all shares of Class B common stock have been converted into shares of Class A common stock. Subject to the assumptions in the preceding sentence, the amounts and percentages of Class A common stock and Class B common stock beneficially owned are reported on the basis of the regulations of the SEC governing the determination of beneficial ownership of securities. Under these rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities.

Except as set forth in the footnotes below, the percentages included in the following table are based on 105,592,879 shares of Class A common stock outstanding, 9,053,155 Virtu Financial Units and related shares of Class C common stock and 60,091,740 Virtu Financial Units and related shares of Class D common stock outstanding as of April 7, 2022.

Certain Relationships and Related Party Transactions

Related Party Transactions Policies and Procedures

Upon the consummation of our initial public offering, we adopted a written Related Person Transaction Policy (the “**Policy**”), which sets forth our policy with respect to the review, approval, ratification and disclosure of all related person transactions by our Audit Committee. In accordance with the Policy, our Audit Committee has overall responsibility for implementation of and compliance with the Policy.

For purposes of the Policy, a “related person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeded, exceeds or will exceed \$120,000 and in which any related person (as defined in the Policy) had, has or will have a direct or indirect material interest. A “related person transaction” does not include any employment relationship or transaction involving an executive officer and any related compensation resulting solely from that employment relationship that has been reviewed and approved by our board of directors or Compensation Committee.

The Policy requires that notice of a proposed related person transaction be provided to our legal department prior to entering into such transaction. If our legal department determines that such transaction is a related person transaction, the proposed transaction will be submitted to our Audit Committee for consideration at its next meeting. Under the Policy, our Audit Committee may approve only those related person transactions that are in, or not inconsistent with, our best interests. In the event that we become aware of a related person transaction that has not been previously reviewed, approved or ratified under the Policy and that is ongoing or is completed, the transaction will be submitted to the Audit Committee so that the Audit Committee may determine whether to ratify, rescind or terminate the related person transaction.

The Policy also provides that the Audit Committee reviews certain previously approved or ratified related person transactions that are ongoing to determine whether the related person transaction remains in our best interests and the best interests of our stockholders. Additionally, we make periodic inquiries of directors and executive officers with respect to any potential related person transaction of which they may be a party or of which they may be aware.

Amended and Restated Virtu Financial Limited Liability Company Agreement

In connection with reorganization transactions preceding our initial public offering (which we refer to as the “**reorganization transactions**”), we, Virtu Financial and each of the Virtu Members (including the Founder Member, Mr. Cifu, certain affiliates of Silver Lake Partners, an affiliate of Temasek and Virtu Employee Holdco) entered into the Amended and Restated Virtu Financial LLC Agreement (as it may be amended from time to time).

In accordance with the terms of the Amended and Restated Virtu Financial LLC Agreement, we operate our business through Virtu Financial and its subsidiaries. Pursuant to the terms of the Amended and Restated Virtu Financial LLC Agreement, so long as affiliates of Mr. Viola continue to own any Virtu Financial Units, shares of our Class A common stock or securities exchangeable or convertible into shares of our Class A common stock, we will not, without the prior written consent of such holders, engage in any business activity other than the management and ownership of Virtu Financial and its subsidiaries or own any assets other than securities of Virtu Financial and its subsidiaries and/or any cash or other property or assets distributed by or otherwise received from Virtu Financial and its subsidiaries, unless we determine in good faith that such actions or ownership are in the best interest of Virtu Financial. As the sole managing member of Virtu Financial, we have control over all of the affairs and decision making of Virtu Financial. As such, through our officers and directors, we are responsible for all operational and administrative decisions of Virtu Financial and the day-to-day management of Virtu Financial’s business. We will fund any dividends to our stockholders by causing Virtu Financial to make distributions to its equity holders, including the Founder Member, Virtu Employee Holdco, the Employee Trust and us, subject to the limitations imposed by our credit agreement.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The holders of Virtu Financial Units generally incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of Virtu Financial. Net profits and net losses of Virtu Financial are generally allocated to its members pro rata in accordance with the percentages of their respective ownership of Virtu Financial Units, though certain non pro rata adjustments are made to reflect tax depreciation, amortization and other allocations. The Amended and Restated Virtu Financial LLC Agreement provides for cash distributions to the holders of Virtu Financial Units for purposes of funding their tax obligations in respect of the taxable income of Virtu Financial that is allocated to them. Generally, these tax distributions are treated as advances and may be computed based on Virtu Financial's estimate of the net taxable income of Virtu Financial allocable to each holder of Virtu Financial Units multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in New York, New York (taking into account the non-deductibility of certain expenses and the character of our income), or another rate as determined by the Company in its discretion for one or more holders.

The Amended and Restated Virtu Financial LLC Agreement provides that, except as otherwise determined by us, if at any time we issue a share of our Class A common stock or Class B common stock, other than pursuant to an issuance and distribution to holders of shares of our common stock of rights to purchase our equity securities under a "poison pill" or similar stockholders rights plan or pursuant to an employee benefit plan, the net proceeds received by us with respect to such share, if any, shall be concurrently invested in Virtu Financial (unless such shares were issued by us solely to fund (i) our ongoing operations or pay our expenses or other obligations or (ii) the purchase from a member of Virtu Financial of Virtu Financial Units (in which case such net proceeds shall instead be transferred to the selling member as consideration for such purchase)) and Virtu Financial shall issue to us one Virtu Financial Unit. Similarly, except as otherwise determined by us, Virtu Financial will not issue any additional Virtu Financial Units to us unless we issue or sell an equal number of shares of our Class A common stock or Class B common stock. Conversely, if at any time any shares of our Class A common stock or Class B common stock are redeemed, repurchased or otherwise acquired, Virtu Financial will redeem, repurchase or otherwise acquire an equal number of Virtu Financial Units held by us, upon the same terms and for the same price per security, as the shares of our Class A common stock or Class B common stock are redeemed, repurchased or otherwise acquired. In addition, Virtu Financial will not effect any subdivision (by any unit split, unit distribution, reclassification, reorganization, recapitalization or otherwise) or combination (by reverse unit split, reclassification, reorganization, recapitalization or otherwise) of the Virtu Financial Units unless it is accompanied by substantively identical subdivision or combination, as applicable, of each class of our common stock, and we will not affect any subdivision or combination of any class of our common stock unless it is accompanied by a substantively identical subdivision or combination, as applicable, of the Virtu Financial Units.

Pursuant to the terms of the Amended and Restated Virtu Financial LLC Agreement, certain members of management of Virtu Financial, including Messrs. Viola and Cifu, are subject to non-compete and non-solicitation obligations until the third anniversary of the date on which such person ceases to be an officer, director or employee of ours. The employee members of Virtu Employee Holdco, including Mr. Fairclough, are subject to similar restrictions under the limited liability company agreements of Virtu Employee Holdco.

Subject to certain exceptions, Virtu Financial will indemnify the Virtu Members against all losses or expenses arising from claims or other legal proceedings in which such person (in its capacity as such) may be involved or become subject to in connection with Virtu Financial's business or affairs or the Amended and Restated Virtu Financial LLC Agreement or any related document.

Virtu Financial may be dissolved only upon the first to occur of (i) the sale of substantially all of its assets or (ii) as determined by us. Upon dissolution, Virtu Financial will be liquidated and the proceeds from any liquidation will be applied and distributed in the following manner: (a) first, to creditors (including creditors who are members or affiliates of members) in satisfaction of all of Virtu Financial's liabilities (whether by payment or by making reasonable provision for payment of such liabilities, including the setting up of any reasonably necessary reserves) and (b) second, to the members in proportion to their vested Virtu Financial Units (after giving effect to any obligations of Virtu Financial to make tax distributions).

Historically, Virtu Financial has regularly declared and paid distributions on its equity interests to its members, including the Company. During the year ended December 31, 2021, Virtu Financial declared and paid \$995.6 million in cash distributions to its members (including our Founder Member, Employee Holdco, and our executive officers).

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Tax Receivable Agreements

In connection with the reorganization transactions, we acquired equity interests in Virtu Financial from certain affiliates of Silver Lake Partners and Temasek, as a result of a series of transactions (the “**Mergers**”). In addition, we used a portion of the net proceeds from our initial public offering to purchase Virtu Financial Units and corresponding shares of Class C common stock from certain direct or indirect equity holders of Virtu Financial. These purchases resulted in favorable tax basis adjustments to the assets of Virtu Financial that will be allocated to us and our subsidiaries. Future acquisitions of interests in Virtu Financial are expected to produce favorable tax attributes. In addition, future exchanges by certain direct or indirect equity holders of Virtu Financial of Virtu Financial Units and corresponding shares of Class C common stock or Class D common stock, as the case may be, for shares of our Class A common stock or Class B common stock, respectively, are expected to produce favorable tax attributes. These tax attributes would not be available to us in the absence of those transactions. Both the existing and anticipated tax basis adjustments are expected to reduce the amount of tax that we would otherwise be required to pay in the future.

We entered into three tax receivable agreements with certain direct or indirect equity holders of Virtu Financial (one with the Founder Member, Virtu Employee Holdco, the Employee Trust, certain management members and other post initial public offering investors), another with affiliates of Silver Lake Partners and affiliates of Temasek, and the other with other affiliates of Silver Lake Partners, that provide for the payment by us to certain direct or indirect equity holders of Virtu Financial (or their transferees of Virtu Financial Units or other assignees) of 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax or franchise tax that we actually realize as a result of (i) any increase in tax basis in Virtu Financial’s assets resulting from (a) the acquisition of equity interests in Virtu Financial from an affiliate of Silver Lake Partners and an affiliate of Temasek, and another affiliate of Temasek (the “**Temasek Member**”) in the reorganization transactions (which represents the unamortized portion of the increase in tax basis in Virtu Financial’s assets resulting from a prior acquisition of interests in Virtu Financial by an affiliate of Silver Lake Partners and Temasek, and the Temasek Member, (b) the purchases of Virtu Financial Units (along with the corresponding shares of our Class C common stock or Class D common stock, as applicable) from certain direct or indirect equity holders of Virtu Financial using a portion of the net proceeds from our initial public offering or in any future offering, (c) exchanges by certain direct or indirect equity holders of Virtu Financial of Virtu Financial Units (together with the corresponding shares of our Class C common stock or Class D common stock, as applicable) for shares of our Class A common stock or Class B common stock, as applicable, or (d) payments under the tax receivable agreements, (ii) any net operating losses available to us as a result of the Mergers and (iii) tax benefits related to imputed interest deemed arising as a result of payments made under the tax receivable agreements.

The actual increase in tax basis, as well as the amount and timing of any payments under these agreements, varies depending upon a number of factors, including the timing of exchanges by certain direct or indirect equity holders of Virtu Financial, the price of our Class A common stock at the time of the exchange, the extent to which such exchanges are taxable, the amount and timing of the taxable income we generate in the future and the tax rate then applicable and the portion of our payments under the tax receivable agreements constituting imputed interest.

The payments we are required to make under the tax receivable agreements could be substantial. We expect that, as a result of the amount of the increases in the tax basis of the tangible and intangible assets of Virtu Financial, assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize in full the potential tax benefit described above, future payments to certain direct or indirect equity holders of Virtu Financial are expected to range from approximately \$0.4 million to \$22.0 million per year over the next 15 years. Such payments will occur only after we have filed our U.S. federal and state income tax returns and realized the cash tax savings from the favorable tax attributes. Future payments under the tax receivable agreements in respect of subsequent exchanges would be in addition to these amounts and are expected to be substantial. The payments under the tax receivable agreements are not conditioned upon the certain direct or indirect equity holders of Virtu Financial’s continued ownership of us.

In addition, although we are not aware of any issue that would cause the IRS to challenge the tax basis increases or other benefits arising under the tax receivable agreements, certain direct or indirect equity holders of Virtu Financial (or their transferees or other assignees) will not reimburse us for any payments previously made if such tax basis increases or other tax benefits are subsequently disallowed, except that any excess payments made to certain direct or indirect equity holders of Virtu Financial will be netted against future payments otherwise to be made under the

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

tax receivable agreements, if any, after our determination of such excess. As a result, in such circumstances we could make payments to certain direct or indirect equity holders of Virtu Financial under the tax receivable agreements that are greater than our actual cash tax savings and may not be able to recoup those payments, which could negatively impact our liquidity.

In addition, the tax receivable agreements provide that, upon certain mergers, asset sales or other forms of business combination or certain other changes of control, our or our successor's obligations with respect to tax benefits would be based on certain assumptions, including that we or our successor would have sufficient taxable income to fully utilize the benefits arising from the increased tax deductions and tax basis and other benefits covered by the tax receivable agreements. As a result, upon a change of control, we could be required to make payments under a tax receivable agreement that are greater than or less than the specified percentage of our actual cash tax savings, which could negatively impact our liquidity.

In addition, the tax receivable agreements provide that in the case of a change in control of the Company, certain direct or indirect equity holders of Virtu Financial have the option to terminate the applicable tax receivable agreement, and we will be required to make a payment to such electing party in an amount equal to the present value of future payments (calculated using a discount rate equal to the lesser of 6.5% or LIBOR plus 100 basis points, which may differ from our, or a potential acquirer's, then current cost of capital) under the tax receivable agreement, which payment would be based on certain assumptions, including those relating to our future taxable income. In these situations, our obligations under the tax receivable agreements could have a substantial negative impact on our, or a potential acquirer's, liquidity and could have the effect of delaying, deferring, modifying or preventing certain mergers, asset sales, other forms of business combinations or other changes of control. These provisions of the tax receivable agreements may result in situations where certain direct or indirect equity holders of Virtu Financial have interests that differ from or are in addition to those of our other stockholders. In addition, we could be required to make payments under the tax receivable agreements that are substantial and in excess of our, or a potential acquirer's, actual cash savings in income tax.

Finally, because we are a holding company with no operations of our own, our ability to make payments under the tax receivable agreements is dependent on the ability of our subsidiaries to make distributions to us. Our credit agreement restricts the ability of our subsidiaries to make distributions to us, which could affect our ability to make payments under the tax receivable agreements. To the extent that we are unable to make payments under the tax receivable agreements for any reason, such payments will be deferred and will accrue interest until paid.

We made our first payment of \$7.0 million in February 2017, our second payment of \$12.4 million in September 2018, our third payment of \$13.3 million in March 2020, our fourth payment of \$16.5 million in April 2021, and our fifth payment of \$21.3 million in March 2022. During the year ended December 31, 2021, an affiliate of Temasek received \$3.6 million, the Founder Member received \$4.3 million, and members and former members of Virtu Employee Holdco LLC received \$2.3 million. Through April 15, 2022, during the year ended December 31, 2022, an affiliate of Temasek received \$4.5 million, the Founder Member received \$7.8 million and members and former members of Virtu Employee Holdco LLC received \$3.1 million.

Indemnification Agreements

We entered into an indemnification agreement with each of our executive officers and directors that provides, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.

Loan Agreement and Warrant

On March 20, 2020, Virtu Americas LLC (the "**Borrower**"), an indirect subsidiary of the Company, entered into a Loan Agreement (the "**Loan Agreement**") with the Founder Member (as the "**Lender**"), as lender and administrative agent, providing for unsecured term loans from time to time (the "**Loans**") in an aggregate original principal amount not to exceed \$300 million. The Loans were available to be borrowed in one or more borrowings on or after March 20, 2020, and prior to September 20, 2020 solely to finance the purchase and settlement of securities and to fund margin deposits with the National Securities Clearing Corporation and Options Clearing Corporation. Upon the execution of and in consideration for the Lender's commitments under the Loan Agreement, the Borrower delivered to the Lender a warrant (the "**Warrant**") to purchase shares of Class A common stock. Pursuant to the Warrant,

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

the Lender may purchase up to 3,000,000 shares of Class A common stock, which number of shares would have been increased to 10,000,000 if, at any time during the term of the Loan Agreement, Loans equal to or greater than \$100 million had been drawn and remained outstanding for a certain period of time specified in the Warrant. However, no Loans were drawn under the Loan Agreement and therefore the number of shares available to be purchased by the Lender under the Warrant was not increased. The exercise price per share of the Class A common stock issuable pursuant to the Warrant is \$22.98, the average of the volume weighted average prices of the Class A common stock for the ten (10) trading days following the date on which the Company publicly announced its earnings results for the first quarter of 2020. On December 17, 2021, the Founder Member delivered to the Company a notice of exercise in full of its Warrant, for a cash payment of the exercise price of \$22.98 per share issuable to the Founder Member pursuant to such exercise. The Warrant was offered, and the shares of Class A common stock issuable pursuant thereto was issued and sold, in reliance on the exemption from the registration requirements of the Securities Act, set forth under Section 4(a)(2) of the Securities Act relating to sales by an issuer not involving any public offering.

General Information

We are making this proxy statement available to our stockholders on or about April 22, 2022 in connection with the solicitation of proxies by our board of directors for the Annual Meeting, which will be held on Thursday, June 2, 2022 at 9:00 a.m. (Eastern Time) via webcast through the provided link. As a stockholder of Virtu, you are invited to attend the Virtual Annual Meeting and are entitled and encouraged to vote on the proposals described in this proxy statement. Below are answers to common questions stockholders may have about the Annual Meeting. Our fiscal year ends on December 31.

We have four classes of authorized common stock. The Class A common stock and the Class C common stock have one vote per share. The Class B common stock and the Class D common stock have 10 votes per share. Shares of our common stock generally vote together as a single class on all matters submitted to a vote of our stockholders.

The Founder Member, an affiliate of Mr. Vincent Viola, our founder and Chairman Emeritus, and other members of the Viola family, holds all of our issued and outstanding Class D common stock and controls approximately 85% of the combined voting power of our outstanding common stock. As a result, it is able to control any action requiring the general approval of our stockholders, including the election of our board of directors, the adoption of amendments to our certificate of incorporation and bylaws and the approval of any merger or sale of substantially all of our assets.

What information is included in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, our board of directors and board committees, the compensation of current directors and certain executive officers for the year ended December 31, 2021, and other information.

What are the Proxy Materials?

The “Proxy Materials” are this proxy statement and our annual report to stockholders, which includes the Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

Why did I receive a one-page notice in the mail regarding the Internet availability of the Proxy Materials instead of a full set of the Proxy Materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our Proxy Materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the Proxy Materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive an electronic copy or printed set of the Proxy Materials. Instructions on how to access the Proxy Materials over the Internet or to request an electronic copy or printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, stockholders may request to receive the Proxy Materials in printed form by mail or electronically by email on an ongoing basis.

What items will be voted on at the Annual Meeting and how does the board of directors recommend that I vote?

There are four proposals to be voted on at the Annual Meeting:

- to elect three directors to our board of directors, each to serve as a Class I director for a term of three years expiring at the annual meeting of stockholders to be held in 2025 and until such director’s successor has been duly elected and qualified;
- to approve, on an advisory basis, the compensation of our named executive officers as disclosed in the accompanying proxy statement;
- to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022.
- to approve an amendment to the Virtu Financial, Inc. Amended and Restated 2015 Management Incentive Plan to increase the number of shares authorizes for issuance thereunder.

The board of directors recommends that you vote FOR each of the three proposals.

GENERAL INFORMATION

Our amended and restated bylaws (our “**bylaws**”) provide advance notice procedures for stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at any meeting of stockholders. We have not received any such proposals. We do not anticipate any other matters will come before the Annual Meeting. If any other matter comes before the Annual Meeting, the proxy holders appointed by our board of directors will have discretion to vote on those matters.

Who may vote at the meeting?

Holders of Class A common stock, Class C common stock and Class D common stock, together as a single class, as of the close of business on April 7, 2022, the Record Date, may vote at the Annual Meeting.

How many votes do I have?

As of the Record Date, there were:

- 105,592,879 shares of Class A common stock outstanding;
- 9,053,155 shares of Class C common stock outstanding; and
- 60,091,740 shares of Class D common stock outstanding.

There are no shares of Class B common stock outstanding.

Holders of Class A common stock are entitled to one vote per share of Class A common stock held as of the Record Date. Holders of Class C common stock are entitled to one vote per share of Class C common stock held as of the Record Date. Holders of Class D common stock are entitled to ten votes per share of Class D common stock held as of the Record Date.

What vote is required for each proposal?

For the election of directors, each director must be elected by a plurality of the votes cast. This means that the three nominees receiving the largest number of “FOR” votes will be elected as directors. We do not have cumulative voting.

The approval, on an advisory basis, of the compensation of our named executive officers, the ratification of the appointment of the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2022, and any other proposals that may come before the Annual Meeting will be determined by the affirmative vote of a majority in voting power of shares of stock present or represented by proxy and entitled to vote thereon.

The Founder Member controls approximately 85% of the combined voting power of our outstanding common stock and, as a result, controls any action requiring the general approval of our stockholders, including the election of our board of directors. The Founder Member has informed us that it intends to vote “FOR” the three nominated directors.

How are abstentions and broker non-votes counted?

For the purposes of Proposal 1, abstentions (shares present at the meeting or by proxy that are voted “abstain”) and broker non-votes (explained below) are counted for the purpose of establishing the presence of a quorum but have no effect. For the purposes of Proposals 2 and 4, abstentions and broker non-votes are counted for the purposes of establishing the presence of a quorum, broker non-votes have no effect, and abstentions have the same effect as a vote “against” the proposal. For the purposes of Proposal 3, abstentions are counted for the purposes of establishing the presence of a quorum and have the same effect as a vote “against” the proposal, and broker non-votes are not expected as the proposal is a “routine” proposal.

What constitutes a “quorum”?

The holders of a majority of the voting power of the combined shares of Class A common stock, Class B common stock, Class C common stock and Class D common stock issued, outstanding and entitled to vote, either present or represented by proxy, constitute a quorum.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

- *Stockholder of Record.* If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are a stockholder of record.

- **Beneficial Owner of Shares Held in Street Name.** If your shares are held in an account at a brokerage firm, bank, broker dealer or other similar organization, then you are a beneficial owner of shares held in street name. The organization holding your account is considered the stockholder of record. As a beneficial owner, you have the right to direct the organization holding your account on how to vote the shares you hold in your account.

How do I vote?

- **Vote by Internet.** Visit www.proxyvote.com to vote via the Internet. Stockholders of record may submit proxies over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the Proxy Materials were requested, the instructions on the printed proxy card. Most beneficial stockholders may vote by accessing the website specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees. Please check your voting instruction form for Internet voting availability.
- **Vote by Telephone.** Call toll free 1 800 690 6903 in the United States or from foreign countries from any touch tone telephone and follow the instructions. Stockholders of record may submit proxies using any touch tone telephone from within the United States by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the Proxy Materials were requested, the instructions on the printed proxy card. Most beneficial owners may vote using any touch tone telephone from within the United States by calling the number specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees.
- **Vote by Mail.** Stockholders of record may submit proxies by mail by requesting printed proxy cards and completing, signing and dating the printed proxy cards and mailing them in the preaddressed envelopes that will accompany the printed Proxy Materials. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided and mailing them in the preaddressed envelopes accompanying the voting instruction forms. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the board of directors. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see “How are abstentions and broker non-votes counted?” regarding whether your broker, bank or other holder of record may vote your uninstructed shares on each proposal.

How can I vote my shares in person and participate at the Annual Meeting?

The Annual Meeting will be held in a virtual meeting format only. Stockholders may participate in the annual meeting by visiting the following website: www.virtualshareholdermeeting.com/VIRT2022. To participate in the Annual Meeting, you will need the 16-digit control number included on your Notice, on your proxy card or on the instructions that accompanied your proxy materials. Shares held in your name as the stockholder of record may be voted electronically during the Annual Meeting. Shares for which you are the beneficial owner but not the stockholder of record also may be voted electronically during the Annual Meeting. However, even if you plan to attend the Annual Meeting, the Company recommends that you vote your shares in advance, so that your vote will be counted if you later decide not to attend the Annual Meeting.

Can I change my vote after submitting a proxy?

Stockholders of record may revoke their proxy at any time before it is exercised at the Annual Meeting by (i) delivering written notice, bearing a date later than the proxy, stating that the proxy is revoked to Virtu Financial, Inc., 1633 Broadway, New York, New York 10019, Attn: Secretary, (ii) submitting a later dated proxy relating to the same shares by mail, telephone or the Internet prior to the vote at the Annual Meeting or (iii) attending the Annual Meeting and voting electronically during the Annual Meeting. If you are a beneficial stockholder, you may revoke your proxy or change your vote only by following the separate instructions provided by your broker, trust, bank or other nominee.

If I hold shares in street name through a broker, can the broker vote my shares for me?

If you hold your shares in street name and you do not vote, the broker or other organization holding your shares can vote on certain “routine” proposals but cannot vote on other proposals. Proposals 1 and 2 are not considered “routine” proposals. Proposal 3 is a “routine” proposal. If you hold shares in street name and do not vote on proposal 1 or 2, your shares will not be voted in respect of those proposals and will be counted as “broker non-votes.”

Where can I find voting results?

Final voting results from the Annual Meeting will be filed with the SEC on a Current Report on Form 8-K on or before the fourth business day after the Annual Meeting concludes.

I share an address with another stockholder. Why did we receive only one set of Proxy Materials?

We may satisfy SEC rules regarding delivery of our Proxy Materials, including our proxy statement, or delivery of the Notice of Internet Availability of Proxy Materials by delivering a single copy of these documents to an address shared by two or more stockholders. This process is known as “householding.” We have delivered only one set of the Proxy Materials or one Notice of Internet Availability of Proxy Materials, as applicable, to stockholders who share an address with another stockholder, unless contrary instructions were received prior to the mailing date. We undertake to promptly deliver, upon written or oral request, a separate copy of our proxy statement, our annual report including our Form 10-K for the fiscal year ended December 31, 2021, and/or our Notice of Internet Availability of Proxy Materials, as requested, to a stockholder at a shared address to which a single copy of these documents was delivered, or to deliver a single copy in lieu of multiple copies to a single household if preferred. To make such a request, please follow the instructions on our Notice of Internet Availability of Proxy Materials.

If your shares are held by a brokerage firm or bank and you prefer to receive separate copies of our proxy statement, our annual report including our Form 10-K for the fiscal year ended December 31, 2021, and/or our Notice of Internet Availability of Proxy Materials, either now or in the future, please contact your brokerage firm or bank. If your brokerage firm or bank is unable or unwilling to assist you, please contact our Investor Relations department at our executive office by calling (212) 418-0100. Stockholders sharing an address may request to opt in to or opt out of “householding” either now or in the future, by contacting our Investor Relations department at our executive office by calling (212) 418-0100.

May I ask questions at the Annual Meeting?

Yes. Stockholders will have the same opportunity to participate at the virtual Annual Meeting as they would at an annual meeting of the Company held in person. Stockholders may submit questions live during the meeting by accessing the meeting at www.virtualshareholdermeeting.com/VIRT2022, typing a question into the “Ask a Question” field, and clicking “Submit.” Only questions submitted by stockholders on subjects pertinent to meeting matters will be answered during the meeting, subject to time constraints.

May guests attend the Annual Meeting?

Yes. A webcast of the Annual Meeting will also be available to the general public at the following link: www.virtualshareholdermeeting.com/VIRT2022. Select “Other Stockholders/Guests” to enter the meeting. Please note that guests will not have the ability to ask questions or vote during the meeting.
